

A Family For Every Child

Volunteer of The Month

Danielle Nance

Matching Assistance Program

November 2012

Danielle has been working with AFFEC for over six months. She has worked with the Matching Assistance Program and has completed many child searches helping families looking to adopt.

She does a thorough job with her searches. She also takes on a lot of families at a time which really helps the program keep up with all of their new families.

Danielle says, "It has been an amazing experience being a part of this organization. It is truly a blessing being able to help families and those around me. This is exactly the work that I can picture myself doing in the future and I am really thankful for the opportunity A Family For Every Child has given me."

Danielle is a valued Volunteer and a true friend to AFFEC!

Thank You Danielle, for all your hard work!
