

A Family For Every Child

Volunteer of The Month

Gail Marion

Volunteer Photographer, Bellevue Washington

May 2012

Gail is always willing to photograph kids even with extremely short notice. She has perfected her skills in getting great video of kids and really interacts with them to allow the child to warm up to her and show their true personality.

She says: "It has been such a rewarding experience photographing children for a "Family for Every Child." Every child I have photographed has been truly precious and it is so much fun to capture their wonderful uniqueness.

This has been such an enriching experience for me personally, and I am so happy to give my time and talent to such deserving children."

Thank You for Your Service

Gail
