A Forever Family Success Story

"A friend who had been doing long term foster care for a 12 year old referred me to Christy at AFFEC. Once we reviewed Shirell's profile at Christy's suggestion, we felt an instant connection.

We finally received a call from Shirell's caseworker with an offer to take Shirell as a foster placement with the intention of adopting.

We said "Yes!" She was officially adopted a little less than a year later.

We are so blessed to have Shirell as our daughter and so thankful to the heart Gallery for their support along the way."

~The Shipley Family

Dear Friends,

There are over 10,000 children currently in foster care in Oregon, and 500,000 nationwide, but thanks to your support and the support of our national community, A Family For Every Child is finding permanent, loving homes for the children in foster care.

We work to find permanent families for older children, sibling groups, minorities, and children with physical, psychological or developmental challenges. Thousands of children in foster care have been overlooked on account of their age, ability or number of siblings. At a Family for Every Child, we focus on children's unique qualities to match them with loving families.

Through your support we have been able to shorten the time children spend in foster care by connecting them with forever families. Because you believe that every child deserves a forever family we have been able to connect children with family members through our Family Finding program, match adoptive parents with waiting children, showcase waiting children through our Heart Gallery and provide permanency, advocacy and friendship for children in foster care through our Mentor program.

Please join hands with us as we work to find a family for every child in foster care. Your donations and support help us to change children's lives forever.

Thank you,

Christy Obie-Barrett
