

# A Family For Every Child Mentor Program

"A Mentor is someone who allows you to see the hope inside yourself"

## A Note From The Director:

Hello All!

I hope everyone has been well and enjoying the season change this Fall! We have been brain storming new ideas that we'd like to launch within our Mentor Program. There are always better ways to sustain a program our size and we look forward to showing you the success that comes here soon! We have successfully kept up with our Waiting Youth Mentoring Group and have received great feedback from parents, children and community members. We really feel that we are supporting children from the start of our mentoring services as well as exposing our program into the community. We have also seen key developmental advancements in youth that we have taken out. We are thrilled to see the progress within our program. We couldn't do all of this work without devoted mentors, interns and donors that help our program succeed!

~ Warmest Regards,

Mavis Sanchez
