

“Making a difference in the lives of foster children”

Don't let our children 'age out' of the foster care system alone

We offer a 4 hour 'hands on' training on how to implement your own **Family Finding** program, using resources and support available in your own community.

Programs are frequently 'cut' due to lack of resources. Children in foster care are denied connection with their safe family members and loved ones simply because there is no time and/or no resources to make it happen.

Learn how to tap into the volunteer base of your community.... people who want to have an impact on a child's life and on society.... people who are willing and anxious to make a difference.

We'll show you how to recruit, train and implement a **Family Finding** program in YOUR area.

We can help YOU!

SIX STEPS FOR FAMILY FINDING

- > Discovery—File Mining
- > Internet Search
- > Engagement / Making Calls
- > Planning
- > Decision Making
- > Follow up
