# Heart of Country Festival 2019

Partner with *A Family For Every Child* and Make a Difference in the Lives of Foster Children

A Family For Every Child invites you to partner with us at our signature Summer event, Heart of Country. This fun western themed fundraiser features a BBQ Cook Off, Live Country Music, Beer Garden and Raffle. Sponsorship support raised at this event helps to provide critical funding for 13 programs that support our mission of finding permanent and loving homes for waiting foster children both locally and nationally.

AFFEC's services include mentoring, advocate services, family building services, and overall support to the child, extended family members, social worker, and potential adoptive families. It is our goal that no family encounters undue road blocks that prevent adopting a child from foster care. When you partner with AFFEC you are making a lasting impact in the lives of children while helping to strengthen our programs.

## Why Partner with AFFEC?

- AFFEC is proud to offer a variety of sponsorship opportunities that can be tailored to your marketing goals and budget.
- Event promotions will increase your exposure within the community through various avenues such as on the AFFEC website, e-newsletter and social media, as well as through printed materials distributed at the event.
- Sponsorship allows you to connect with new and potential customers.

## How Your Support Makes a Difference?

Your sponsorship supports the nearly 500,000 children living in foster care in the United States, 1,000 of these children live in Lane County. Your support allows us to:

- Provide mentoring services to foster and at-risk youth in Oregon
- Conduct family finding searches that investigate and identify natural supports for children in our program
- Provide extreme recruitment services that assist children with the most immediate need for permanent placement, such as children with long histories in the foster care system or children with time-sensitive special needs
- Facilitate online matching events that utilize interactive, user-friendly technology to match children and permanent families, not just in the Pacific Northwest, but across the nation

---
